

THE LOUISVILLE METRO HOUSING AUTHORITY STRATEGIC PLAN

THE LMHA VISION:

LMHA will be a key community leader and advocate in leveraging the impact of quality, affordable housing in alleviating poverty and racial inequality particularly for extremely low-income households, achieving a high quality of life for residents, and investing in housing as an economic stimulus for sustainable community building and prosperity.

THE LMHA MISSION:

LMHA will set a standard of operational excellence in providing quality, affordable housing opportunities for residents to achieve self-sufficiency and an enhanced quality of life, and collaborating with community partners to build strong, viable neighborhoods.

THE LMHA STRATEGIC GOALS:

Strategic Goal: Portfolio Redevelopment and Repositioning

LMHA will continue its successful initiatives to completely redevelop, replace, and modernize its entire portfolio of residential developments as well as furthering options to better serve low-income and homeless residents through creatively increasing voucher units and utilization, non-traditional affordable housing, and market rate housing. Key considerations in these new initiatives will be providing for mixed-income communities, furthering housing choice, investing in and engaging stakeholders in neighborhood community building, striving for investment without displacement, providing for broadband connectivity and furthering racial equity. LMHA will be a leader in sustainability and green practices utilized in new and modernized developments, as well as in agency operations. High standards of asset management and maintenance will ensure that properties continue to be the highest quality of housing in their neighborhoods.

Strategic Goal: Human Resources Management/Capacity Building

LMHA will promote its commitment to equal employment and affirmative recruitment (racial equity, diversity, and inclusion), open communication, succession planning and quality enterprise-wide customer service. LMHA will apply best practices in recruitment, training and retention, professional development, recognition, and rewards in being an inclusive, progressive employer of choice. This goal will be accomplished through utilizing the Human Resources Department as a centralized function with input from other departments and feedback from an employee satisfaction survey.

Strategic Goal: Self-Sufficiency and Independent Living Outcomes

LMHA will ensure that all residents are linked to the critical support services including digital literacy and broadband connectivity that will provide opportunities for self-sufficiency for families and/or independent living for the elderly and persons with disabilities. LMHA will partner with public and private entities in workforce development to provide job training and placement opportunities that prepare residents not just for today's living wage jobs, but for the jobs of the tomorrow, the future of work. It will be the expectation that residents that are capable of transitioning into the workforce and out of assisted housing will participate in self-sufficiency initiatives and will transition into market rate rental housing or homeownership. Independent living programs and services participation will continue to be expanded for all elderly and/or persons with disabilities.

Strategic Goal: Community and Regional Engagement

LMHA will ensure that the agency is a leader in engaging key community and regional stakeholders in building and implementing a shared vision, mission, goals, and values related to affordable housing, community building and neighborhoods without barriers. A special emphasis will be placed on continuing to strengthen relations and interactions with metro government, economic development/business interests, racial equity advocates, fair housing interests, support services providers, and affordable housing/homeless assistance providers.

Strategic Goal: Marketing and Image-Building

LMHA will expand the marketing, promotion and communication of its image, mission, and products to the general public, its business partners and its housing clients. The agency will bring clarity and transparency in proactively defining the many public values that are furthered by providing affordable housing in the Louisville – Jefferson County Metro Area. LMHA will be recognized as a strong leader and advocate in the community and region for affordable housing and community building.

Strategic Goal: Technology/Software Systems Upgrades and Utilization

LMHA will provide for new and/or upgraded information technology systems and software for all departments. All employees will be trained on the upgraded technology and software systems and will be expected to fully utilize such systems in improving agency productivity, networking interaction with customers, and reducing the dependency on paper documents. All systems should be highly integrated to the extent possible. High standards will be set for data security, data integrity and data redundancy.

Strategic Goal: Customer Satisfaction/Customer Service

LMHA will set high standards for excellence in resident satisfaction and quality of life that will be measured through a biennial Customer Satisfaction Survey process. Satisfaction is being evaluated for factors that include customer service, maintenance quality, safety/security, residence quality, social interaction, and support services. Satisfaction ratings and trending are analyzed and factored into decisions regarding portfolio investments, community partnerships/interaction, support services linkages, as well as employee evaluations and staffing needs.

Strategic Goal: Board Leadership Development

LMHA will be governed by a Board of Commissioners that is fully prepared to meet its critical roles and responsibilities as strategic leaders and advocates in achieving the vision, mission, strategic goals, and values of the agency. Strategic planning will provide one of the key leadership tools that can be utilized to collaboratively focus with the staff leadership team on strategic thinking-based decision-making, policy-setting, performance metrics setting, resident communications and community engagement. Training and professional development opportunities and leadership tools will be provided to advance these leadership roles. Strategies and tools for Board succession planning will be formulated.
